Writers

1) Why did I choose Ireland?

It is a country that I heard about and that interests me and so I would like to learn more.

2) What are the difficulties encountered?

Discerning the relevant information and summarising .

Learning about a new country.

The techniques employed to source information

Main source of information comes from websites such as The Irish National tourist board and Wikipedia... I intend to speak about the division of Ireland, the conflicts that led to it. There are two Irelands which are Northern Ireland and Ireland. Other topics include general information on geography, nature, government and history.

Of course the presentation will also focus what makes Ireland unique such as Guinness beer and the harp as a national symbol. The government and economy.
