Taking the underground is useful because you can get from a to b faster and if you miss one another one can arrive in the next few minutes but if it is packed you won't have a seat and will have to stand in a suffocating environment and will feel cramps in your legs.

2

- 1) Not all people are environmentally-conscious, the result is that the big cities are much more polluted.
- 2) I, try to save as much water as I can.
- 3) Finally, it is never too late to start acting.
- 4) I have a liking for organic products.

Sean is writing an e-mail to his best friend Bob. Fill in the blanks:

Dear Bob,

I need your help : there is a new club near my house where you can practise bungee-jumping. You know me well, do you think I could try? There is no danger in it from my friends of school, but my Mum totally forbids me. Tell me your honest opinion!

See you soon, Hoops

Sean

4

- 1) It was the first day of autumn and she decided to take the tube.
- 2) She had not realised, however, that it was on strike.
- 3) As it was raining, a taxi would be faster than walking, she thought.
- 4) Ten minutes later, she arrived at her friend's flat.

5

- 1) You love horse riding and your granny wants you to teach her.
- 2)
